

Individual Contributor License Agreement

ICLA

Thank you for Your interest in contributing to rebis-org (the "Organization").

WHEREAS, the Organization maintains certain repositories and works subject to the organization-default contribution process set forth in CONTRIBUTING.md; and

WHEREAS, You wish to submit Contributions to the Organization in a personal capacity;

NOW, THEREFORE, by signing this Agreement, You accept and agree to the following terms and conditions with respect to all Your Contributions. Except for the license granted herein to the Organization and to recipients of works distributed by the Organization, You reserve all right, title, and interest in and to Your Contributions.

0. Parties and scope

0.1 "You" means the individual identified in the signature block below, acting in a personal capacity on Your own behalf and not on behalf of any employer or other entity.

0.2 All correspondence under this Agreement shall be conducted through a personal email address under Your long-term control. For the avoidance of doubt, no employer-owned address shall be used for such correspondence.

0.3 Contributions made on behalf of an employer or other entity are not covered by this Agreement; such contributions require a Corporate CLA ("CCLA") executed by an authorized representative and on file with the Organization. Where contributions in both capacities occur, both agreements shall be on file, and each code offering shall state the capacity in which it is made — personal, or the entity name under its CCLA.

1. Definitions

1.1 "Contribution" means any original work of authorship, authored by You and intentionally submitted for inclusion in any repository or work maintained by the Organization.

1.2 "Submitted" means any form of electronic, verbal, or written communication addressed to the Organization or its representatives, for the purpose of discussing or improving the work, but excluding any communication conspicuously marked or otherwise designated in writing by You as "Not a Contribution."

1.3 Third-party material not authored by You, and any of Your own work already subject to explicit licensing terms at the time of submission, are outside the scope of this Agreement and remain governed by their respective terms (see §5). Only Your original work submitted without explicit licensing terms is licensed under §§2–3.

2. Grant of copyright license

You hereby grant to the Organization a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable copyright license to reproduce, use, modify, prepare derivative works of, publicly display, publicly perform, sublicense, and distribute Your Contributions, in source or object form, with or without modification.

For the avoidance of doubt, the foregoing license expressly includes the right of the Organization to distribute Your Contributions under any license designated in the NOTICE, LICENSE, or COPYING of the applicable repository, as in effect from time to time, and under any successor or additional license the

Organization may designate for such repository. No further consent or approval by You shall be required for any such distribution or relicensing.

3. Grant of patent license

You hereby grant to the Organization and to recipients of works distributed by the Organization a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable (except as stated in this section) patent license to make, have made, use, offer to sell, sell, import, and otherwise transfer Your Contributions, where such license applies only to those patent claims licensable by You that are necessarily infringed by Your Contributions alone or by combination of Your Contributions with the work to which they were submitted. If You institute patent litigation against any entity alleging that the work distributed by the Organization, or a Contribution incorporated therein, constitutes direct or contributory patent infringement, then any patent licenses granted to You under this Agreement shall terminate as of the date such litigation is filed.

4. Representations

You represent and warrant that: (a) each of Your Contributions is Your original creation; (b) You are legally entitled to grant the licenses set forth above; (c) to the extent any employer holds rights in intellectual property created by You, You have obtained permission to contribute in a personal capacity, or such employer has waived its rights with respect to Your Contributions, or a separate CCLA executed by such employer is on file — otherwise, You shall contribute solely through the CCLA path; (d) Your submissions include complete details of any third-party license or other restriction known to You attaching to any part of Your Contributions; and (e) You shall notify the Organization of any facts or circumstances that render these representations inaccurate in any respect.

5. Third-party work

Work not constituting Your original creation shall be submitted separately from any Contribution, conspicuously marked as "Submitted on behalf of a third party: [named here]", together with complete details of its source and of any license or other restriction known to You. Such work is not licensed under §§2-3.

6. No support; as is

Except to the extent You desire to provide support, You are under no obligation to support Your Contributions. Unless required by applicable law or agreed to in writing, Your Contributions are provided on an "AS IS" BASIS, WITHOUT WARRANTIES OR CONDITIONS OF ANY KIND, either express or implied, including, without limitation, any warranties or conditions of TITLE, NON-INFRINGEMENT, MERCHANTABILITY, or FITNESS FOR A PARTICULAR PURPOSE.

7. Trademarks

Nothing in this Agreement shall be construed as granting permission to use the trade names, trademarks, service marks, product names, logotypes, or other branding of the Organization or of any contributor, except as required to fulfill notice obligations or as otherwise permitted by applicable law or the rights holder.

8. No obligation to accept

The Organization shall be under no obligation to accept, include, or retain any Contribution.
